<b>7</b>	<b>Why ProVia &amp; how we install</b> Build quality, our process and warranty	<b>09</b>

- Every line is built from ProVia's **SunShield® vinyl** with fusion-welded corners and Low-E insulated glass — the right one comes down to your home, your style and your budget.

# Three lines, one right fit

Every ProVia window uses SunShield® vinyl with welded corners and Low-E insulated glass. Choose by performance, style range and budget.

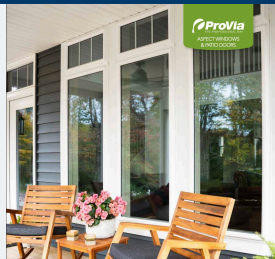

## VALUE

### EcoLite™

#### Budget & rentals

Best for rentals, multi-family and whole-home replacements on a budget.

- Durable white vinyl, welded frame & sash
- Low-E glass with argon + foam spacer
- Integrated sloped sill drains water away
- Tint, privacy and grid options

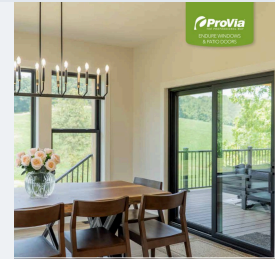

## ★ MOST POPULAR

### Aspect™

#### The balanced choice

Strong performance and great value — the right fit for most homes.

- ENERGY STAR® certified
- ComforTech™ glass + Super Spacer®
- FlexScreen® snap-in screens
- Multi-point locks; more colors & styles
- NUCLEUS™ recycled-core patio doors

## PREMIUM

### Endure™

#### Top look & options

The best look with the widest range of choices.

- Woodgrain laminate, paint & matte exteriors
- Decorative / art glass + internal blinds
- ENERGY STAR® + ComforTech™ glazing
- Signature hardware; full style range

○ All three lines are backed by ProVia's transferable **Lifetime Limited Warranty** and Proficient Windows' professional installation.

# Quick comparison

A side-by-side look to help you decide. We'll walk you through it during your free in-home consultation.

# Styles & configurations

Configure your windows to fit any opening, then finish them with the grids, glass and colors you want.

## Popular styles & shapes

**Double-Hung**  
Both sashes tilt

**Slider**  
Glides horizontally

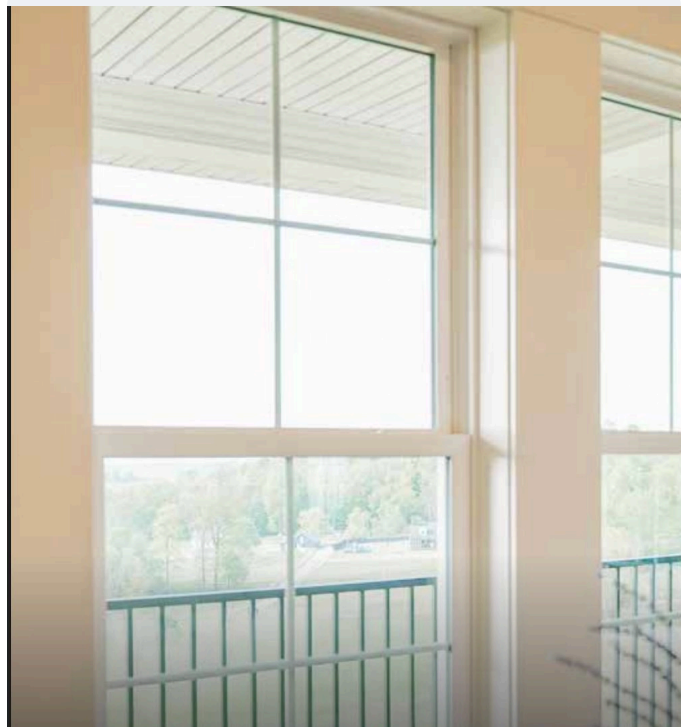

**Casement**  
Cranks open wide

**Bay & Bow**  
Projecting view

Sliding patio door with blinds between the glass — no dusting, no cords.

White Endure™ double-hung windows with cottage-style flat internal grids.

○ Personalize with grid patterns, decorative & art glass, internal blinds, and colors from white to woodgrain, paint & matte — every unit custom-made to your opening.

# Performance glass

ProVia's ComforTech™ glass packages combine high-performance Low-E, argon gas and the Super Spacer® warm-edge system for year-round comfort and lower energy bills.

## COMFORTECH™ GLASS PACKAGES

All sliding patio door glass packages will be tempered.

TLA and TLA-UV glass packages may appear tinted green and vary in shade with changing lighting conditions, both indoors and outdoors.

**COMFORT**

**Low-E + Argon**

Low-E coatings reflect heat and argon fill slows transfer — cooler summers, warmer winters.

**WARM EDGE**

**Super Spacer®**

A flexible, non-metal spacer that reduces condensation and edge heat loss.

**CERTIFIED**

**ENERGY STAR®**

Aspect & Endure are ENERGY STAR® certified; EcoLite offers qualifying options.

**! Did you know?** ENERGY STAR® certified windows, doors and skylights can reduce your energy bills by up to 15% while helping protect the environment.

# Welcome in style

Whether you want the timeless look of real wood or the unmatched strength of 20-gauge steel, ProVia has an entry door that's right for your home — two fiberglass lines plus steel, all custom-made and professionally installed.

## PREMIUM · FIBERGLASS

### Signet®

Our most customizable fiberglass door — the most realistic woodgrain with the widest range of styles, stains, glass and hardware.

## NEW · FIBERGLASS

### Ascent™

Our newest line: the finest wood species and grain patterns for an elevated entry that looks and feels like real wood.

## STEEL

### Legacy™

Rugged 20-gauge steel in a woodgrain texture or an ultra-smooth, professionally painted finish — durable and energy efficient.

## ENERGY EFFICIENT

### ComforTech™ glazing

Insulated, foam-filled doors with Low-E glass and the Super Spacer® system keep your entry comfortable and lower energy bills.

## MADE YOUR WAY

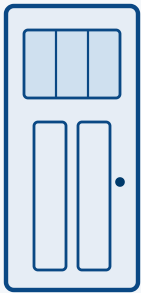

### Glass, finish & hardware

Decorative, privacy, wrought-iron and art glass; stain or paint finishes; designer hardware and internal blinds or grids.

## COMPLETE ENTRY

### Sidelites & more

Add sidelites, transoms, French or hinged patio doors, even a pet door — every unit made to order for your opening.

### Fiberglass or steel

Craftsman-style fiberglass with sidelites shown.

- Every ProVia entry door is **custom-made to your opening** in fiberglass or 20-gauge steel — and backed by ProVia's transferable Lifetime Limited Warranty.

# Super Polymer siding, made in the USA

ProVia siding is a Super Polymer vinyl formulation — low-maintenance, impact- and fade-resistant, Class A fire rated, in insulated and traditional options.

## INSULATED · FLAGSHIP

### CedarMAX®

Foam-backed insulated vinyl for energy efficiency and straighter walls, with authentic cedar grain in lap, dutch lap and board-&-batten.

## PREMIUM

### Cedar Peaks®

Deep cedar woodgrain and bold shadow lines for high-end curb appeal, in four profiles.

## VALUE LINES

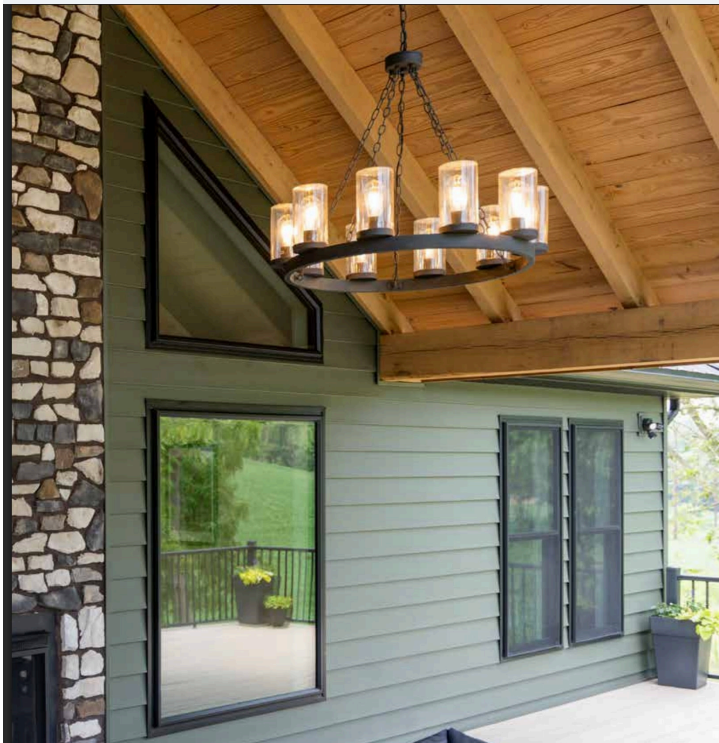

### HeartTech® · Willowbrook™ · Ultra™

Quality Super Polymer siding across a wide range of profiles, colors and budgets.

## ACCENTS

### Harbor Mill™ · Board & Batten · Soffit

Shake & shingle, vertical board-&-batten and soffit to add texture and finish the look.

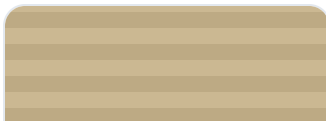

### Built to perform

Class A fire rated, impact- and fade-resistant, low-maintenance for life.

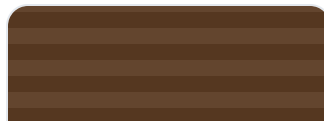

### A complete exterior

Pairs beautifully with ProVia manufactured stone for one cohesive look.

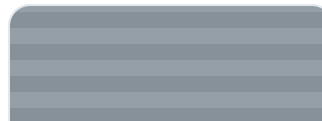

## A few popular exterior colors

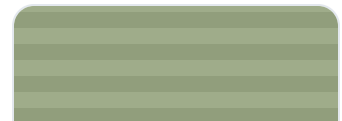

**Sandstone**  
warm neutral

**Coffee**  
deep cedar

**Pewter**  
cool gray

**Sage**  
nature-inspired

## Built the professional way

Quality you can see and feel — the materials and craftsmanship behind every ProVia product we install.

- **SunShield® vinyl**  
Resists rot, fading and peeling. Never needs painting.
- **Welded for strength**  
Fusion-welded frames and sashes for a clean, lasting build.
- **Low-E insulated glass**  
Low-E coatings + argon keep heat out in summer, in during winter.
- **Custom-made to fit**  
Built to your exact openings, styles, colors and glass.

### How we install — the Proficient Windows process

**1****Free consultation**

In-home, no-pressure measure & quote.

**2****Custom order**

Built to your exact specs by ProVia.

**3****Professional install**

Clean, precise, weather-tight fit.

**4****Walkthrough**

We confirm you love the result.

### Transferable Lifetime Limited Warranty

ProVia's craftsmanship is backed for the life of your home — and transfers if you sell.

#### A note on specs & certification

ENERGY STAR® qualification and warranty terms vary by product and configuration — we'll confirm the specifics for your order.
